Candidates will need frequent access to a personal computer that is connected to a reliable high-speed internet connection to successfully complete each subject. Depending on the requirements of the subject(s), candidates will require internet data to watch educational videos, access research and reading materials, complete online assessments, participate in discussion forums, chat groups, and virtual classes with other candidates, and complete learning activities. It is recommended that candidates use a reference management software such as EndNote, RefWorks or Mendeley during their studies, which can assist with document storage and formatting references.

It is recommended that candidates have access to LinkedIn Learning for the duration of their studies. For GradDipCA candidates, this can be accessed through the My CA website as part of their provisional membership benefits. 12. Fair assessment through moderation

Moderation describes a quality assurance process that ensures that assessments are appropriate to the learning outcomes, and that candidate work is consistently evaluated by assessors. CA ANZ's minimum standards for the moderation of CA Program assessment are described in the *CA Program Assessment and Grading Policy and Procedure*¹ available on the CA ANZ website.

13. Late penalties for assessment not submitted by due date

In accordance with the principles of equity and fairness where all candidates are afforded the same opportunities to demonstrate the achievement of learning outcomes, it is expected that all candidates will have the same time to prepare their assessments. It is therefore expected that, in ordinary circumstances, candidates will submit assessments in accordance with the published schedule for assessment submission.

The time and date that an assessment is submitted is recorded by CA ANZ. Assessment items submitted after the scheduled due date, without an approved extension, may be subject to late penalties. For further information, refer to the *Assessment and Grading Policy and Procedure* available on the CA Program Policy website.

Please note it is the candidate's responsibility to keep appropriate copies/backups of all assignments submitted for assessment.

14. Length/duration of assessments

Each assessment has length/duration requirements. These may be described as number of words² (eg written assignments), minutes (eg presentations), or other metrics as appropriate to the type of assessment. To ensure fairness, all candidates are held to the same standard in relation to the length/duration of an assessment. For these reasons, penalties are applied to assessments that exceed the notified length/duration as follows:

- Assessments that are up to 15% longer than approved length/duration. All material will be marked and no penalty will be applied.
- Assessments that are between 15% (10% before term 1 2023) and 25% longer than the approved length/duration: All material will be marked, and a 5% penalty will be applied to the final mark awarded. For example, if the assessment is to be marked out of 100 marks, then 5% of the available marks (i.e. 5 marks) will be deducted.
- Assessments that are more than 25% longer than the approved length/duration: Markers will only read and assess material up to 25% above the word limit and will apply a 5% penalty to the final mark. For example, if the assessment is to be marked out of 100 marks, then markers will assess the material up to 25% above the length/duration requirement only and will deduct 5% of the available marks (ie 5 marks) from the mark awarded.

1 All of the policies governing the CA Program are available on the CA ANZ website at <https://www.charteredaccountantsanz.com/become-a-member/ca-program-policies>

For Term 4 2022 and in prior terms the reference list was not included in the word count.

18. Special Consideration and Fit to Sit/Submit

CA ANZ gives special consideration to candidates whose performance is demonstrated to be affected by unexpected, serious circumstances beyond their control, such as misadventure, accident, or illness, to ensure that assessment of all candidates is equitable and fair while also ensuring that learning outcomes are achieved to a satisfactory level.

A candidate who accesses, sits and/or submits an assessment on time, or on the scheduled date, is however considered to be declaring that they are 'fit to sit/submit' and will not be eligible to claim special consideration for that assessment. For details of the requirements for special consideration and 'fit to sit/submit' please refer to the *Candidate Assessment and Grading Policy and Procedure* and *Special Consideration Guidance Notes for Candidates*.

Candidates who have existing disabilities, health issues, learning needs, and other CA ANZ recognised accessibility needs may instead be eligible for reasonable adjustments as detailed in the *Candidate Accessibility and Inclusion Policy and Procedure*. 19. Academic integrity

Academic integrity refers to the ethical standards that underpin all aspects of academic work to ensure its authenticity, validity and credibility, and to actions in relation to learning and assessment that are aligned with values of honesty, trust, fairness, respect, responsibility, and courage. CA ANZ is committed to promoting and safeguarding a culture of academic integrity and to eliminating academic dishonesty and other forms of academic misconduct, such as cheating (including contract cheating), plagiarism, collusion, falsification or fabrication of data, and copyright infringement. CA ANZ has robust processes for identifying and investigating possible breaches of academic integrity and applies penalties to cases of proven academic misconduct.

The *CA Program Candidate Academic Integrity Policy and Procedure* explains the principles and processes that concern academic integrity and the handling of allegations of academic misconduct in the CA Program. This policy is available on the CA ANZ website. It is every candidate's responsibility to ensure that they understand the principles of academic integrity outlined in the *CA Program Candidate Academic Integrity Policy and Procedure* and behave accordingly so that their behaviour does not constitute, or facilitate, academic misconduct. To ensure that candidates understand their academic integrity obligations CA ANZ requires that all candidates complete the compulsory Academic Integrity Module and Academic Integrity Assessment before completing any assessment in the CA Program.

Plagiarism and plagiarism monitoring

Plagiarism is a form of academic misconduct that occurs when the work or intellectual property of another person is presented as one's own without appropriate acknowledgement or referencing. Plagiarism is a serious offence.
