About the Graduate Diploma of Chartered Accounting (GradDipCA)

The GradDipCA is the academic component of the CA Program, which eligible students study whilst accruing three years of mentored practical experience required to become a Chartered Accountant.

The CA Program is designed to develop student's technical knowledge and professional skills through applied postgraduate learning and mentored practical experience. To ensure they have the appropriate level of pre-requisite knowledge and skills, entrants are required to hold an AU or NZ Bachelor Degree (or overseas equivalent) or higher and passed subjects in required competency areas.

The GradDipCA is the only higher education program offered by Chartered Accountants ANZ. It comprises five modules including four technical modules and a final Capstone module. The study program incorporates both online and face-to-face learning, making it easier to balance workplace commitments with your studies.
