

AUSTRALIAN FEDERAL BUDGET

2020-21

The 2020-21 Federal Budget brings the Government's overall response and recovery support to \$507 billion, including \$257 billion in direct economic support.

In addition to spending big on infrastructure, jobs, asset write-offs and personal tax cuts, the Government is supporting first home buyers, regional Australia, digital business and other deregulation measures, modern manufacturing and new energy technologies.
