## *Accelerated learning for future success*

We recognise that you operate in a complex industry and at times will need additional support. Chartered Accountants Study Masterclass (CASM) provides you with that additional support to successfully undertake and complete the CA Program.

CASM is available for all modules of the CA Program except EB and ICAP, providing extra help with particular modules.

An efficient and focused approach is designed to save you valuable study time and support you to succeed.

As the only study support developed and endorsed by Chartered Accountants Australia and New Zealand, one in three candidates choose CA Study Masterclass as their optional study support. We pride ourselves in helping you to maximise your potential and feel supported in your CA journey.

CASM is a targeted support option for candidates to scale your learning journey to cater to individual circumstances and to support candidates on their path to the CA qualification.

The CASM for the new CA Program has been developed with improved flexibility, targeted content, and enhanced student support.
